

# Newport 200

MW01

03/11/2021 [4]

The Perm version of the Newport Calendar ride, starting from Woodford to avoid the traffic in Cheadle. The Perm route has been amended to take in Penkrigde, giving greater flexibility at controls. If you have an old Brevet Card, you can use the traditional route, or simply amend the control names on the card to suit this 2019 version. Use the eBrevet app!

For a successful validation, you must:

- enter at **[www.delphcyclist.info/NewportPerm.html](http://www.delphcyclist.info/NewportPerm.html)** (don't worry about the ride date at this stage)
- register your ride date by texting **07931 911324** or emailing **mike@PeakAudax.co.uk** before you start
- visit all the controls listed below within the time limits - note that this is a non-mandatory route
- establish your "proof of passage" by
  - downloading the [eBrevet](#) - see **[www.delphcyclist.info/eBrevet.html](http://www.delphcyclist.info/eBrevet.html)**
  - or recording a [GPS track](#) (must be .GPX format) showing you visited each Control Location
  - or collecting [till receipts](#) or ATM slips from anywhere at the Control Location
- completing all the details on your Brevet Card (name, address, ride date, control locations and times plus your signature) and returning to me within 14 days of your ride

**Controls:** The ride works best using the E-Brevet app or a GPX track to authenticate your ride. The route is advisory, but you should ensure that you pass within 1/2km of the locations below (indicated by Grid Reference and [what3words.com](http://what3words.com)). If you haven't access to the app or GPX you may still collect receipts from the various suggested locations.

**eBrevet:** Ride Code **MW30** (see [www.DelphCyclist.info/eBrevet.html](http://www.DelphCyclist.info/eBrevet.html) for customisation instructions to reverse the direction, start at any control, or start anywhere between controls).
