Dear

Thanks for your entry to the **Kirtons 600** on **Saturday 2nd July 2022** starting at **6am**. See **www.DelphCyclist.info/Kirtons.html** for maps, GPX files and the route sheet.

Start: In the Methodist Church Hall, behind Waitrose on Park Lane in Poynton (**SJ 923 836 - SK12 1RD**) for teas/coffees and toilets from 5am. There will be toast and jam. There will also be boiling water if you want to bring one of those instant porridge pots. The free long-term parking spaces are those furthest from the Church beyond the line of trees. You park at your own risk, but we've used the car park for overnight parking for years without incident.

eBrevet: Download 22-67 onto your phone and register the first control before you leave. The controls can be activated within 0.5km of the locations on the route sheet. If you don't use the app, please collect till receipts from each control to authenticate your time.

Friday night accommodation: we have the Church Hall booked from 18:00 Friday. Please let me know if you want a floor spot so that I know how many airbeds and blankets to bring. This accommodation is free but a donation of £5 on the day won't be refused! Alternative accommodation is available at the nearby Adlington Travelodge and at local Elm Beds Caravan Park but be sure to be with us for a 6am start.

Left Luggage: sorry but there is nowhere to leave anything during the ride.

Finish Control: there will be no controller at the finish. I have included Costa and Wetherspoons on the route sheet. Please ensure that you are fully rested before driving home.

You must leave your completed Brevet Card in the post-box on the railings between the Church and the Church Hall. Please ensure it is signed and add the time in each control box. Upload your eBrevet. You should enclose timed till receipts for any controls you may have missed on your eBrevet.

Corby Glen: I have booked the village hall for a control at 355km for hot food and drinks. There will be air beds and blankets, but floor space is limited so we may wake you after 3 hours if we've got riders awaiting a nap.

Overnight Controls: Post-Covid, not all 24-hour petrol stations or McDonalds have resumed round the clock service, so make sure you carry sufficient supplies with you through the night.

Boston control is McDonalds which would be open 24-hours, but staffing issues may mean it is drive-thru only and not available to cyclists.

Bardney control is a Co-op which closes at 10pm. If you arrive later than that and you are not using the eBrevet, continue to the machine at Woodhall Spa outside Martins Newsagents.

Route Changes: There are some changes to our "traditional route" with new controls at Misterton, Bardney, Uttoxeter and Audlem. The *Pair of Kirtons* now only goes through one Kirton but two Meltons.

Mike

A Pair of Kirtons 600

organised by Mike Wigley to Audax UK regulations

Saturday 2nd July 2022

1  right from car park onto Park Lane

0.5   *Stockport* A523 by Church
