MW34

31/10/2021 [4]

A trip into Wales – but only just, crossing the River Dee to Holt. The outward journey is via Broken Cross and across Cheshire via Church Minshull. The return crosses Manchester Ship Canal at the toll bridge (free!) at Warburton Bridge. Holt doesn't have 24/7 facilities so choose your start time accordingly - or record a GPX track to establish your proof of passage. Better still, use the eBrevet app!

Section 3: 16km: For the crossing of the busy A51 between Waverton and Stamford Bridge, use the shared pavement and crossing refuge.

Section 3: 35km: To avoid the long way round the A533 roundabout, use the shared pavement on the right.

Section 4: 3km: There is a short stretch of unsurfaced road at Simister; beware of potholes and loose gravel.

For a successful validation, you must:

- enter at www.delphcyclist.info/CDPerm.html (don't worry about the ride date at this stage)
- register your ride date by texting **07931 911324** or emailing mike@PeakAudax.co.uk before you start
- establish your "proof of passage" by
 - downloading the [eBrevet](#) - see www.delphcyclist.info/eBrevet.html
 - or recording a [GPS track](#) (must be .GPX format) showing you visited each Control Location
 - or collecting [till receipts](#) or ATM slips from anywhere at the Control Location
- completing all the details on your Brevet Card (name, address, ride date, control locations and times plus your signature) and returning to me within 14 days of your ride

Controls: The ride works best using the E-Brevet app or a GPX track to authenticate your ride. The route is advisory, but you should ensure that you pass within ½km of the locations below (indicated by Grid Reference and what3words.com). If you haven't access to the app or GPX you may still collect receipts from the various suggested locations.

eBrevet: Ride Code **MW34** (see www.DelphCyclist.info/eBrevet.html for customisation instructions to reverse the direction, start at any control, or start anywhere between controls).
